

New Global Telecom, Inc.

Annual 47 CFR section 64-2009(e) CPNI Certification

FB Docket 06-36

Annual 47 CFR section 64-2009(e) CPNI Certification for **2007**

Date filed: March 1, 2008

Name of Company: New Global Telecom, Inc.

Form 499 Filer ID: 816002

Name of Signatory: Bob Decker

Title of Signatory: Senior Vice President – Technology & Service Operations

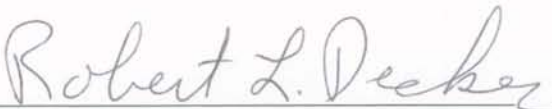

I, Bob Decker, certify that I am an officer of New Global Telecom, Inc. ("NGT") and acting on behalf of NGT, that I have personal knowledge that NGT has established operating procedures that are adequate to comply with the requirements of the Federal Communication Commission's (the "Commission") CPNI rules as set forth at 47 CFR section 64.2001 *et seq* ("CPNI regulations").

NGT is a wholesale provider of interconnected VoIP services to its customers, who in turn resell NGT's services primarily to business user. As such, NGT does not come in contact directly with a significant amount of CPNI. However, NGT has implemented procedures to comply with CPNI regulations and attached is NGT's policy applicable to all NGT employees explaining NGT's procedures in compliance with the CPNI regulations, as and to the extent applicable to NGT's business.

In 2007, NGT has not encountered any situations that would require it (a) to initiate any actions against data brokers; and (b) to report any actual or possible pretexting situations. Further, NGT has implemented annual training of CPNI procedures for those employees who may encounter CPNI.

In 2007, NGT has received no customer complaints concerning any unauthorized release of CPNI.

Accompanying Statement**

Description of CPNI Policies and Procedures

NGT maintains the security of CPNI. The company has security measures in place to protect this data from external attacks to its website and improper verbal requests for data via personal contacts with NGT's customer care. NGT's web portal allows customers to view configuration details of their purchased VoIP services. The web portal has login/password security and uses encryption to ensure the security of this information. The web portal limits customers to accessing their specific data only. The company has procedures in place that allow only customers of record to obtain specific call detail information. The company's employees have been trained in the proper use of CPNI, and the company will enforce strict disciplinary measures for employees that misuse or mishandle CPNI. NGT does not provide CPNI to any third parties and does not sell CPNI.
